**romance regency romance a pdf**
Common meanings. Romance (love), love based on emotional attachment as portrayed as ideal in chivalric romance literature Romance languages (also called Romanic languages or Neo-Latin languages), the modern languages that evolved from Vulgar Latin between the third and eighth centuries and that form a subgroup of the Italic languages within the Indo-European language family

**Romance - Wikipedia**
Although the genre is very old, the romance novel or romantic novel discussed in this article is the mass-market version. Novels of this type of genre fiction place their primary focus on the relationship and romantic love between two people, and must have an "emotionally satisfying and optimistic ending." There are many subgenres of the romance novel, including fantasy, historical romance ...
