Note to the reader on the organization of this book I have set up Bread Science to be as much like a reference book as possible, enabling readers to open to a section of interest without needing to read the whole book.

BREAD SCIENCE

Philosophy of science is a sub-field of philosophy concerned with the foundations, methods, and implications of science. The central questions of this study concern what qualifies as science, the reliability of scientific theories, and the ultimate purpose of science. This discipline overlaps with metaphysics, ontology, and epistemology, for example, when it explores the relationship between ...
