The United States Secret Service (also USSS or Secret Service) is a federal law enforcement agency under the Department of Homeland Security charged with conducting criminal investigations and protecting the nation's leaders. Until 2003, the Secret Service was part of the Department of the Treasury, as the agency was originally founded to combat the then-widespread counterfeiting of US currency.

In financial markets, high-frequency trading (HFT) is a type of algorithmic trading characterized by high speeds, high turnover rates, and high order-to-trade ratios that leverages high-frequency financial data and electronic trading tools. While there is no single definition of HFT, among its key attributes are highly sophisticated algorithms, co-location, and very short-term investment horizons.

Most people will have heard of the mythical Turtle Traders, a group of novice traders set up and mentored by legendary "Prince of the Pit" Richard Dennis.. Dennis did so to set up an old argument with fellow trader Bill Eckhardt on whether trading could be taught or not (not unlike the story in classic movie Trading Places).. The experience was successful in proving Dennis right (trading ...
