Modern flat Earth societies are organizations that promote the misconception that the Earth is flat rather than a sphere. Such groups date from the middle of the 20th century; some adherents are serious and some are not. Those who are serious are often motivated by pseudoscience or Biblical literalism.. Through the use of social media, flat Earth theories have been increasingly espoused by ...

The origin of the domestic dog is not clear. The domestic dog is a member of the genus *Canis*, which forms part of the wolf-like canids, and is the most widely abundant terrestrial carnivore. The closest living relative of the dog is the extant gray wolf, and there is no evidence of any other canine contributing to its genetic lineage. The dog and the extant gray wolf are sister taxa, as modern ...
