The problem of missing technical support for a software can be most effectively solved when the source code becomes available. Therefore, several companies decided to release the source code specifically to allow the user communities to provide further technical software support (bug fixes, compatibility adaptations etc.) themselves, e.g. by community patches or source ports to new computing ...

Every revolutionary age produces its own kind of nostalgia. Faced with the enormous social and economic upheavals at the nineteenth century's end, learned Victorians like Walter Pater, John Ruskin, and Matthew Arnold looked to High Church models and played the bishops of Western culture, with a monkish devotion to preserving and transmitting old texts and traditions and turning back to ...
