

### **writing a history and pdf**

The history of writing traces the development of expressing language by letters or other marks and also the studies and descriptions of these developments.. In the history of how writing systems have evolved in different human civilizations, more complete writing systems were preceded by proto-writing, systems of ideographic or early mnemonic symbols. ...

A grapheme is a specific base unit of a writing system. Graphemes are the minimally significant elements which taken together comprise the set of "building blocks" out of which texts made up of one or more writing systems may be constructed, along with rules of correspondence and use. The concept is similar to that of the phoneme used in the study of spoken languages.
