Solar power is the conversion of energy from sunlight into electricity, either directly using photovoltaics (PV), indirectly using concentrated solar power, or a combination. Concentrated solar power systems use lenses or mirrors and tracking systems to focus a large area of sunlight into a small beam. Photovoltaic cells convert light into an electric current using the photovoltaic effect.

When it comes to assembling persuasive copy, like any other construction job, you need to rely on your skills, experience, and toolbox.. The toolbox of the writer is filled with words. In defining what I believe is a critical element of crafting effective copy, I[™] make my case by amending the famous quote from Animal Farm: "All words are equal, but some words are more equal than others."
